- A translation of Tentacules et Migraine by MiaQc

I lie down on the altar, on the hard stone. I am completely naked. Master Cthulhu will arrive soon. I must be ready to serve him. He has forced himself upon my body in the past, yes, but he makes me happy and I want his tentacles inside me. I close my eyes and wait.

I hear a rustling sound and open my eyes to find my pussy and asshole being penetrated by tentacles.

“Oh, Master! I am so happy to see you.”

He doesn't answer me. He contentedly sucks my nipple. I moan with pleasure and beg him to make me cum. He wastes no time. His tentacles vibrate inside me. My body trembles with them. As soon as I come, Master Cthulhu pulls out his tentacles and shoves his cock into my vagina. He penetrates me violently, but I like it. He ejaculates inside me and I scream with pleasure.

Then his voice echoes in my mind. An order. He wants me to bring him a virgin woman. I ask him why. In response, Cthulhu gives me a migraine. It hurts so much! I feel sad and jealous. Why does Master want to fuck another woman? A virgin woman, no less. I am all his!

But I must obey him. That’s how it is. I slowly rise from the altar, get dressed and leave the cave. I set off in search of a virgin for my beloved Master.
